

Materials

- 0.9m fabric
- 1 embroidery floss
- Large embroidery hoop (10")
- Brown felt sheet
- Ribbon
- Polyester fill
- Hot glue + glue gun
- Hand sewing needle + thread

Sewing Info

- Seam allowances are 1/4" unless otherwise indicated.

Glossary

- **Top Stitch:** The process of stitching on the exterior side of a project to finish seams or folds to keep them in place. Usually paired with a longer stitch length which looks more professional and can make it easier to go in a straight line.
- **Gathering Stitch:** A gather is created by running a thread along the length of the fabric, and then shortening the fabric along the threads by scrunching them together to make a ruffled effect.

Instructions

1 Using the pattern provided cut out 12 rectangles on the bias.

2 Fold the rectangle right sides together so the short ends meet. Stitch the short ends together with a 1/4" seam allowance and press open.

3 Sew a gathering stitch 1/4" in from the bottom edge. Sew a second row 3/8" from the bottom edge. Do not backstitch.

4 Pull your two gathering threads tight together to gather the edge of the pumpkin.

5 Hand stitch the gathers so there is no gap or hole in the bottom of the pumpkin.

6 Turn right sides out. Stuff the pumpkin with polyester fill, just enough so you can still sew the gathering stitches on the other side.

7
Repeat steps 3-5 with the top edge adding stuffing as you go to fill the pumpkin.

8
Using embroidery threads create the grooves of the pumpkin by threading through the top and then the bottom pulling tight enough to create an indent.

9
Cut a rectangle 1"x1" from brown felt for the stem and roll into a cylinder. Glue in place.

10
Glue the felt stem on top of the pumpkin.

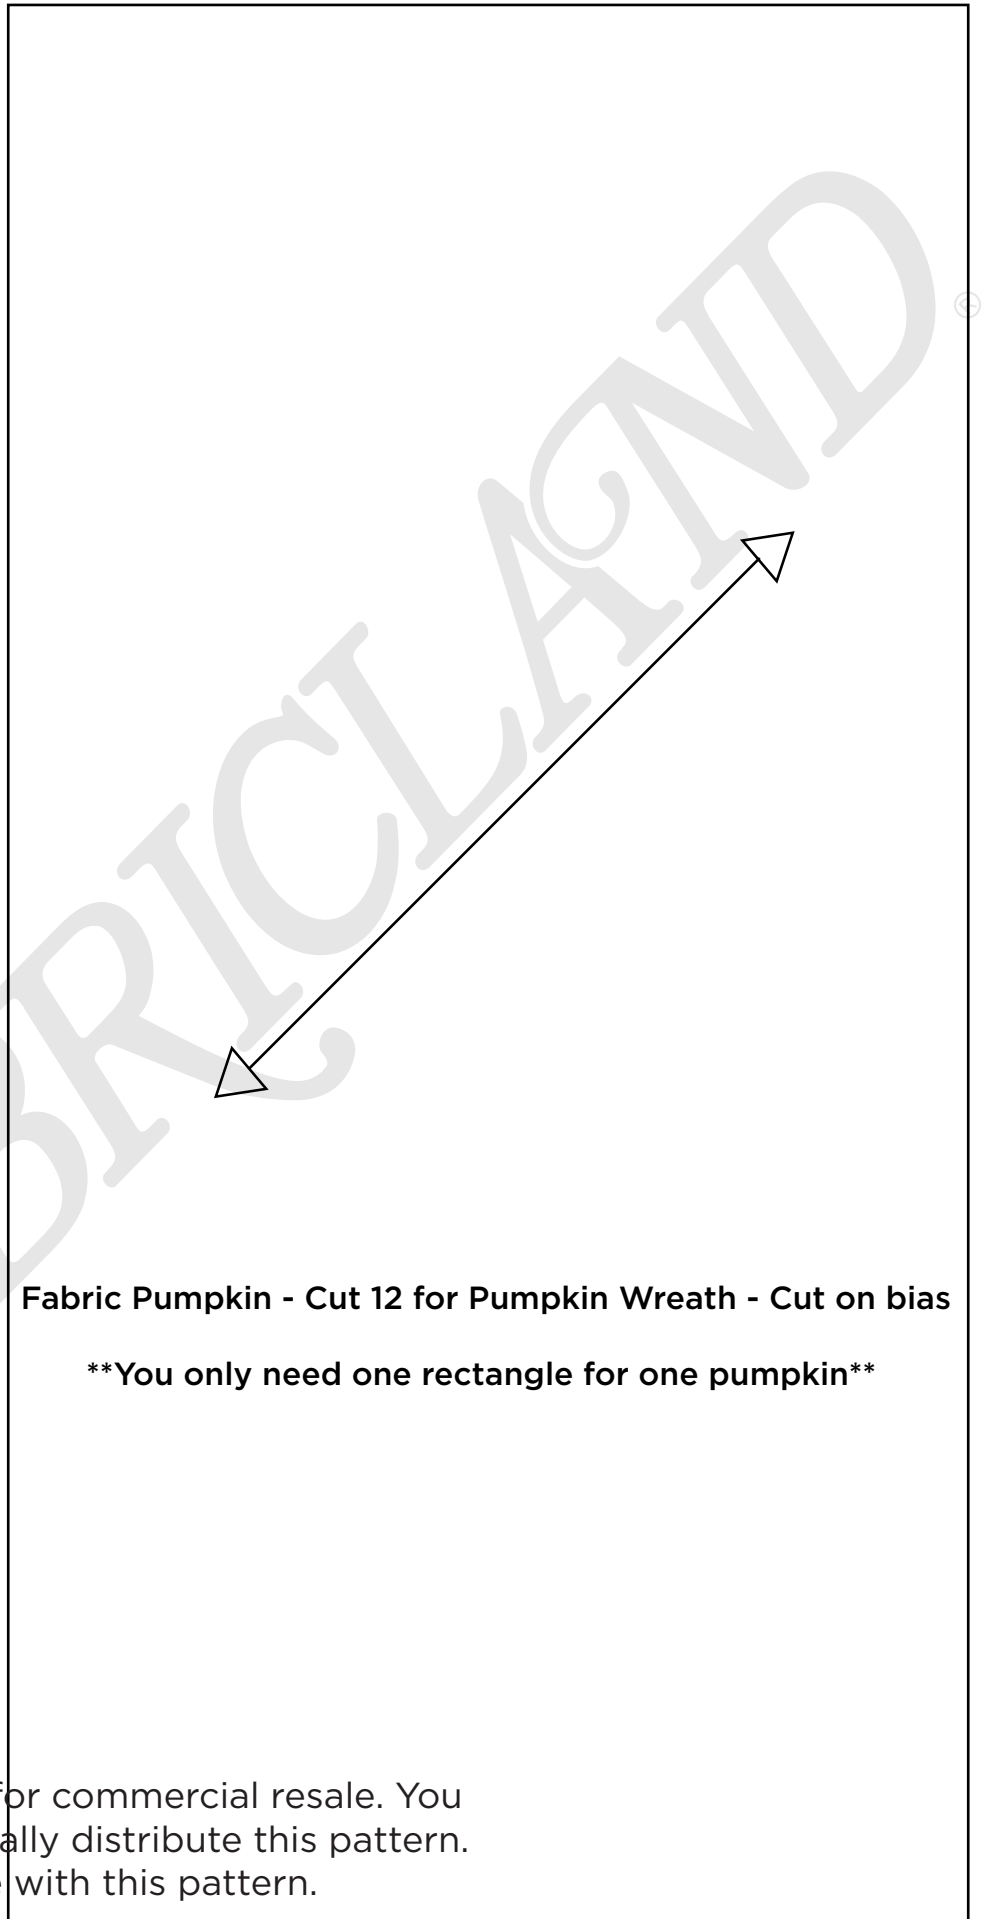

11
Glue your pumpkins to a large embroidery hoop adding ribbon and decoration as desired.

12
Add ribbon and display.

Fabric

Pumpkin

Fabric Pumpkin - Cut 12 for Pumpkin Wreath - Cut on bias

****You only need one rectangle for one pumpkin****
